SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with 37 C.F.R. §§ 1.56 and 1.97, applicant wishes to call the attention of the Examiner to the following documents:

Hansen, "Enhancing documents with embedded programs:
How Ness extends insets in the Andrew Toolkit", 1990, pages 23-
32.

This document is listed on the accompanying Form PTO-1449 (submitted in duplicate) and a copy is enclosed herewith.

Certification Pursuant to 37 C.F.R. 1.97(e)

The information contained in this statement was cited in a communication from a foreign patent office in a counterpart foreign application, not more than three months prior to the filing of this statement. In particular, these references were cited in the December 27, 2002 Written Opinion in applicant's corresponding PCT international application PCT/US01/10149. A copy of that Written Opinion is enclosed herewith.

The Written Opinion merely presents the new citation of the above-identified Hansen reference. Since the Written Opinion does not specifically discuss the above-identified Hansen reference, applicant cannot state with absolute certainty that the enclosed copy is the same as the cited reference. However, applicant notes that the title, author, date, and range of pages of the enclosed copy are the same as that indicated by the citation in the Written Opinion. To the best of applicant's knowledge, the enclosed copy appears to be the reference cited in the Written Opinion.

In accordance with 37 C.F.R. § 1.97 (c) (1),
submission of this statement requires no fee.

Consideration of the foregoing in relation to this
patent application is respectfully requested.

Respectfully submitted,

Kevin T. Roddy
